Help astronauts get to the moon!

These rocket ships need your amazing brain power to reach their destination. With every correct answer you give, you fuel their engines and help them get to the moon. Do your best to assist them!

$$1. (11 + 2) \times (24 \div 3) =$$

$$2. 72 \div 9 + 24 =$$

$$3. 9 \times 6 - 24 + 16 =$$
